

### 7.1.9 Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

The institute organizes awareness programs, activities of introducing Human Rights, Fundamental Rights, Legal Awareness, Traffic Awareness, Civil Safety, Values etc. In observation with the importance of inculcating the constitutional obligations, values, rights, duties and responsibility in both staff and students of the institution, the institute have added Human value and ethics as an audit course in the syllabus.

The institute celebrates Republic Day on 26<sup>th</sup> January, every year with the great gratification to honour the date on which the constitution of India came into effect. This day highlights the importance of constitution. Students, faculties and non-teaching staff of the institute celebrate the national days every year with full of enthusiasm and patriotic dynamism. Many other activities like Poster making, Wall magazine, Paintings, patriotic songs etc. are exercised to create awareness about the constitution of India. Institute celebrates Constitutional Day every year on 26<sup>th</sup> November to commemorate the adaptation of the Constitution of India. The day highlights the efforts of the makers of constitution. All stakeholders of the institution take a Constitution Pledge to ensure that constitutional values and rights are preserved for the betterment of the nation. The institute establishes policies that reflect core values. Code of conduct is prepared for students and staff and everyone should obey the conduct rules.

Celebration of Republic day 2020-21

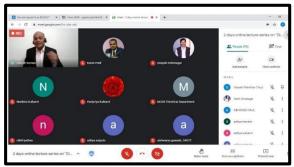

Celebration of 74th Independence Day 2020-21

The institute introduce yearly theme and programs to be followed by members of various clubs to create awareness about the national identity and symbols aimed to sensitized its stakeholders about fundamental duties and rights. The institute organizes many activities to inculcate human values among students and faculties. Students are also sensitized to adapt green practices, conservation of natural resources, alternative source of energy and renewable energy. The activity such as Blood Donation Camp, Social talks, session on Scientific Publication ethics, Women Day, Management Skills and ethics by Chhatrapati Shivaji Maharaj, Lecture on "Positivity", session on commination antiquates, Lecture series on Digital Stress Management, *Cleanliness Drive* organized by the institute to equip students with the knowledge, skill, and values that are necessary for sustaining one's balance between a livelihood and life by providing an effective, supportive, safe, accessible, and affordable learning environment.

#### **Develop Village Develop India**

The Program aims to develop and design community based integrated sustainable development modules for villages near Pune city like model villages, with improved health, nutrition, and sanitation and livelihood status with focus on women, Children and youths. It includes intervention in maternal & child health, hygiene & sanitation, training for computer & English classes and income generating activities, safe drinking water, and protection of the village environment.

We believe that the villages in India form the major portion of India. The rural community makes up more than 80 percent of India's population and will affect the whole nation. The development of villages is largely dependent on education and yet cannot do without the best education possible. The first thing that catches our attention is the widespread illiteracy and ignorance among the rural areas in India.

- Cleaning village and removing plastic from village
- ❖ Awareness and guidance to people in rural area regarding coco-peat production
- ❖ Digital learning and Basic use of internet to the students and people in villages
- ❖ Opening Bank accounts of school students and Career guidance program
- ♦ Medical check-up of the people in the village
- Rain water harvesting plant

Awareness and guidance to people in rural area regarding coco-peat production

The development of villages is largely dependent on education and yet cannot do without the best education possible. The first thing that catches our attention is the widespread illiteracy and ignorance among the rural areas in India.

Conversation with Nira Gram Panchayat officials to understand their problems and explained how their problems can be solved

#### **IT Awareness Program**

The Program provides assistance for awareness about IT technologies and skills applicable at the local level that lead to improve the living conditions of the people. Our students conduct activities to create awareness on the role played by Technology improving the socio-economic status of women and school students in rural areas. People getting information about basic knowledge about computers, use of internet banking, Browsing, online form filling, and awareness of internet frauds. It has encouraged many people to gain IT knowledge and to make life effortless.

#### Each One...! Plant One...!

At the global level, trees and forests are closely linked with weather patterns and also the maintenance of a crucial balance in nature. Hence, we believe that the task of environment protection is an important responsibility. The "Each One... Plant One!!!" is a social program started by the young worker students and the faculty members. The students walked through hilly areas of Pune for tree plantation.
