3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Sr. No.	Name of the workshop/ seminar	Number of Participants	Date From – To
1	KAPILA: Kalam Program for IP Literacy and Awareness	750	15-10-2020 to 23-10-2020
2	Orientation Session on National Education Policy	111	16-12-2020
3	Orientation Session on National Innovation and Startup Policy (NISP)	109	11-01-2021
4	Expert lecture on “Intellectual Property Rights (IPR) and Copy Rights”	168	25-09-2020
5	ASPIRE 2020 a National Level Online Project Competition	120	20-06-2020 to 22-06-2020
6	Session on Why IP is important in academia?	18	26-04-2021
7	A Workshop on "Building Awareness on IPR"	101	18-02-2021
8	Environment Analysis for entrepreneurs	73	22-03-2021
9	Talk on “From your Ph.D./ Masters Thesis to a start-up	23	23-04-2021
10	Start-Up Idea competition	121	22-02-2021
11	Session on Industrial Scenario and challenges to be an entrepreneur	74	05-08-2021
12	A workshop on ‘Rural Entrepreneurship Development- Business Plan’	86	02-09-2021
13	"Udyojak-Entrepreneurship development Program"	152	21-08-2021 to 22-08-2021
14	Webinar on Research, Innovation, and Ranking	30	08-11-2021
15	Session on Finance and Project Management	94	11-02-2021 to 13-02-2021
16	Guest Lecture on Scientific Publication – Need of Today’s World.	102	27-02-2021
17	Webinar on Operational Excellence- Learn six sigma and its significance as a career growth engine	95	23-09-2020
18	Session on Finance and Project Management	94	11-02-2021 to 13-02-2021
19	Webinar on Operational Excellence- Learn six sigma and its significance as a career growth engine	157	21-09-2020
20	A state level Talk Series on "Sneak Peek at Industry 4.0"	256	24-10-2020 to 31-10-2020

**Progressive Education Society's
Modern College of Engineering,
Shivajinagar, Pune-5**

21	Industry guest session on You 3.0 A Powerful Strategy to Achieve Professional Goals with Self-Discovery	100	06-11-2020
22	Guest Lecture on " Intellectual Property Rights and Patenting "	112	27-03-2021
23	Udyojak-Entrepreneurship development Program	140	24-06-2021
24	Seminar on You 3.0 A Powerful Strategy to Achieve Professional Goals with Self-Discovery	139	11-06-2020
25	Seminar on "Practitioner's Approach: Towards Agile Software Development"	85	27-02-2021
26	Session on "Recent domain in Networks"	48	05-08-2021
27	A workshop on 'Rural Entrepreneurship Development- Business Plan'	86	02-09-2021
28	A Workshop on 'Building Awareness on IPR'	104	18-02-2021
29	Summer Internship Project Contest on - The Intern Challenge	46	12-12-2021
30	Interview Techniques and SoftSkills	80	13-02-2021
31	Scientific Publication - Need of Today's World	120	27-02-2021
32	Hands On Android Application	81	04-03-2021
33	3 Days Workshop on "Core Python Programming"	79	21-09-2020 to 23-09-2020
34	Webinar on Electrical Machine Design Using ANSYS MotorCAD Software	76	16-07-2020
35	National level webinar series on "power systems management – operation & control"	123	25-07-2020 & 08-07-2020
36	Webinar on Electric Mobility and new technology	75	17-06-2020
37	Workshop on "LT Switchgear"by L&T Training Centre Bhosari,Pune	83	28-05-2021
38	Two Weeks Online Program on "Electric Vehicle Application, Control and Smart Charging using Artificial Intelligence" Series I: Electric Vehicle Design, its Applications and Control Strategies Series II: Artificial Intelligence Controller for Smart Charging of Electric Vehicle & other Applications	56	01-12-2020 to 14-12-2020 & 18-01-2021 to 30-01-2021
39	Expert Talk on on "Rooftop Solar system"	72	05-08-2020
40	Technical Talk on "Latest trends in Microcontrollers"	79	21-09-2020 to 23-09-2020
41	Technical Talk on Python programs for Numerical methods	101	03-10-2021
42	Expert Session on Recent Trends in Transformers	69	31-05-2021

**Progressive Education Society's
Modern College of Engineering,
Shivajinagar, Pune-5**

43	Expert Session on "Introduction to advancement -Static and Neumarical Relay"	84	29-05-2021
44	Technical Talk Design and Construction of Three Phase Induction Motor as per IEC	101	22-06-2021
45	Technical Talk Applications of HVDC and FACTS in power system	22	24-03-2021

Shivajinagar, Pune-5**

Webinar on Operational Excellence- Learn six sigma and its significance as a career growth engine

**Progressive Education Society's
Modern College of Engineering
Department of Computer Engineering**

Date: 18-09-2020

NOTICE

All the students of BE Computer Engineering are hereby informed that an industry guest session on "Operational Excellence -Lean Six Sigma and Its Significance as a Career Growth Engine." is scheduled on 21st September 2020, (Monday). All are instructed to attend same.

Name of Speaker or Expert: Mr. Harshad Vanarase Mr. Santosh D. Awasarkar
MBB, PMP

Designation/Organization of speaker or Expert: Pursullence Global Business
Solutions, India

Online Platform: Google Meet

Date & Time: Monday, 21-09-2020 at 11.00 a.m.

Prof. Dr. Mrs. S.A. Itkar
HOD
(Computer Engineering Department)

Activity Report

- **Title of the Activity/Event:** Industry Guest Session on "Operational Excellence -Lean six sigma and its significance as a career growth Engine."
- **Date & Day:** 21st September, 2020, Monday.
- **Venue:** Online platform - Google Meet
- **Activity Head:** T & P
- **Name of Speaker or Expert:** Mr. Harshad Vanarase and Mr. Santosh D. Awasarkar, MBB, PMP
- **Organization of Speaker or Expert:** Pursullence Global Business Solutions, India
- **Contact Details:** 8208290195
- **Objective:** To give awareness to the students about the importance & expertise offered in Lean Six Sigma based consulting and service.
- **Outcome:**
 - Students were able to get insight about Quality and its benchmarks for industries which can be considered for career planning.
 - Students got diversified view about taking control of their career.
- **PO Mapping:** PO1, PO2, PO5, PO12, PSO3.
- **About The Activity:**
 - Industry Guest Lecture on "Operational excellence -Lean six sigma and its significance as a career growth Engine" has organized by Training and Placement Cell, PES's MCOE, Pune
 - The guest speakers, Mr. Santosh D. Awasarkar & Mr. Harshad Vanarase started with introduction regarding Quality as a very important concept in manufacturing industries.
 - In This Session Speaker explains about six sigma as a quality bench mark followed by recent developments along with lean six sigma.
 - Speaker also explains The Capability Maturity Model and how it is used to develop and refine an organization's software development process.
 - Operational excellence helps in providing products and services to the customers at better quality, at affordable prices and on time. ... Operational Excellence are implemented with a set of principles, systems, and tools that aim at achieving sustainable improvements of key performance metrics.
 - Speaker also explained about various career options in quality and related fields for freshers.
 - The speakers also guided the students regarding long term planning for career with lean six sigma.
 - Session was Interactive and Students have learnt lot from the session delivered by resource person Mr. Harshad Vanarase.

A state level Talk Series on "Sneak Peek at Industry 4.0"

 Progressive Education Society's
Modern College of Engineering
Department of Computer Engineering

Date: 15-10-2020

NOTICE

All the students of SE, TE and BE of Computer Engineering and Information Technology are hereby informed that a state level talk series "Sneak peek at Industry 4.0" has been organised on 24th October 2020 (Saturday) & 31st October 2020 (Saturday) under ACM students chapter. All are requested to register for this talk series.

Details are as below:

- Date & Time:** 24-10-2020 at 11.30 a.m. to 1.30 p.m.
 - Name of Speaker or Expert:** Mr. Purushottam Darshankar
 - Organization of Speaker or Expert:** Chief Architect-Innovation, Persistent Systems Limited, President-VRAR Association Pune Chapter
 - Topic:** Augmented Reality and Virtual Reality
 - Venue:** Online platform- Google Meet
- Date & Time:** 31-10-2020 at 11.30 a.m. to 1.30 p.m.
 - Name of Speaker or Expert:** Mr. Vivek Kulkarni
 - Organization of Speaker or Expert:** Senior Engineering Manager-Data Science and AI at HP Inc
 - Topic:** Recent Trends and Technologies in Computer and IT
 - Venue:** Online platform- Google Meet

Prof. Dr. Mrs. S.A. Itkar
(H.O.D.)

Activity Report

- **Title of the Activity/Event:** a state level talk series "Sneak peek at Industry 4.0"
- **Date & Day:** 31-10-2020 (Saturday) at 11.30 a.m. to 1.30 p.m.
- **Venue:** Online platform- Google Meet
- **Activity Head:** A state level Talk Series on "Sneak Peek at Industry 4.0" under ACM students Chapter of Computer and IT Engineering.
- **Name of Speaker or Expert:** Mr.Vivek Kulkarni
- **Organization of Speaker or Expert:** Senior Engineering Manager-Data Science and AI at HP Inc Pune
- **Contact Details:** vivek_kulkarni@yahoo.com Mob. 9985783638
- **Objectives:** To develop an understanding of recent trends in technologies, Big data, IoT, Machine Learning.
- **Outcome:**
 - Understanding present and future of Big Data. Understanding 6Vs of Big Data and turning Big data into values.
 - To Understand the recent trends in technologies, Big Data, machine Learning and its uses to find solution for complex engineering problems.
- **PO Mapping:** PO1, PO4, PO5, PO11, PO12, PS03.

Modern College of Engineering
Department of Computer Engineering

About the Activity:

- Department of Computer Engineering and Information Technology of Modern College of Engineering Pune-05, has organized a state level Talk series "Sneak peek at Industry 4.0" for all SE, TE, BE students.
 - This session covers the concepts of What is Big data, 6v's, Future of Big Data, Turning Big data into values, its application areas, Technology trends in Big Data etc.
 - Today this is era of IOT 4.0 Industry. There is technological advancement in the field of Big data, Machine Learning, Artificial Intelligence etc. This session gives an insight to these most demanding industries and related advanced technologies.
 - The session was very interactive. The speaker shown informative videos on Big data for better understanding of terms.
 - The speaker covers future jobs in Big data Analytics and guided students for career opportunities in Big Data, Machine Learning and Artificial Intelligence.
 - The speaker has concluded the session by solving and clearing all queries and doubts of students with number of real-world examples.
-
- **Activity coordinators:** Mrs. Manisha C Petare (Comp) & Mrs . Asmita Pawar (IT)
 - **Student coordinators:** Anamol More (Comp) & Shloka Jayawant (IT)

Present and Future of Data

- Every 2 years we create as much information as we did in the beginning of time until 2003
- Every 18th of every minute of the year is now created in the past 7 years
- By 2020 the amount of digital information is expected to grow to 40 zettabytes
- The total amount of data being generated is expected to reach 1.2 zettabytes
- Every minute we send 300 million emails, generate 1.8 million Facebook likes, send 700 thousand tweets, and generate 100 million photos to our Facebook

A Workshop on “Building Awareness on IPR”

 Progressive Education Society's Modern College of Engineering, Pune-05. MBA Department	
Title of the Activity:	A Workshop on 'Building Awareness on IPR'
Day & Date:	18/02/2021, Thursday
Category of Activity:	Co-Curricular
Organized Under:	Research
Objectives:	<ul style="list-style-type: none">• To create first level IPR awareness among the faculty members, MBA students and young intellectuals about the beneficial aspects of patenting, their creative and novel ideas, inventions etc.• To sensitize the targeted participants about Intellectual Property Right and their protection.• To create awareness among the students about IPR.
Level:	Departmental
Name of Speaker or Expert	Dr. Bharati Dole
Organization of Expert	Academician, Management and IPR Consultant
Summary report:	<p>A workshop on “Building Awareness on IPR” was held by PES’s Modern College of Engineering, MBA Department, Pune-05 for the students & faculty members of MBA department on the 18th February 2021. The workshop was conducted by Dr. Bharati Dole, Academician, Management and IPR Consultant who has over 30 years industrial and 10 years of teaching experience. 101 students had attended the workshop. Dr. Dole explained if someone independently develops or reverse engineers your trade secret, there is nothing you can do. If someone does leak it, you can sue for theft. Suing, however, cannot stop the person from using the leaked information. So, although you may get money from the suit, you lose the larger potential profits you could have made from the idea. Still, if your luck holds and your trade secret remains secret, royalty income from it can last significantly longer than the patent period. Dr. Dole continued to discuss about the Patents & Copy Rights under the IPR Management</p>

 Progressive Education Society's Modern College of Engineering, Pune-05. MBA Department	
Outcome:	<ul style="list-style-type: none">• The workshop helped the students to understand different categories under IPR i.e.- Trade marks, Copy rights, Design Rights and Patents.• Workshop also helped students to understand the various aspects of IPR and how one can safeguard their own personal information from others.

A Webinar on “Operational excellence - Lean six sigma and its significance as a career growth engine.”

TITLE OF ACTIVITY: A Webinar on “Operational excellence - Lean six sigma and its significance as a career growth engine.”

Date & Day: Wednesday, 23rd September 2020

Venue: Google meet

Session conducted by: Mr. Santosh D. Awasarkar, MBB, PMP from Team Pursullence.

Objectives:

Main agenda of the webinar is :

1. Why should graduates consider LEAN Six Sigma as equally valuable career growth engine?
2. Importance of LEAN Six Sigma fraternity and its today's relevance.
3. Overview of Pursullence's Initiative-Advanced LSS Green Belt Development program.
4. Q n A Session.

No. of students attended: 95

POs mapped:

PSOs mapped:

Summary of the Activity/Event: Lean Six Sigma is a method that relies on a collaborative team effort to improve performance by systematically removing waste and reducing variation. Lean Six Sigma not only reduces process defects and waste, but also provides a framework for overall organizational culture change. The webinar was conducted by Mr. Santosh D. Awasarkar, (Co-founded Pursullence Global Business Solutions). He is the most promising speaker as everyone enjoyed learning from him. He guided about how to have business point of view, ability to deliver multi million dollars monetary benefits to MNC firms, monitor and sustain solutions and also gave us brief about companies implementing six sigmas.

During the Webinar the following points were discussed:

- 1) What is Difference between Lean and Six Sigma?
- 2) Is it important to specialise in lean six sigma?
- 3) Scientific mode of problem solving.
- 4) Framework of LSS-DMAIC process.
- 5) Why do companies across sectors values LSS Experts?
- 6) What do US based graduate colleges think about LSS as a career opportunity?
- 7) Why Pursullence over other?
- 8) Pursullence's 'Insight Fellowship Program' for graduates.

The webinar was very useful for students to clear their thoughts about lean six sigma.

**Progressive Education Society's
Modern College of Engineering,
Shivajinagar, Pune-5**

Outcome: After the session students are able to

1. Know the importance of LEARN Six Sigma fraternity and its today's relevance.
2. Develop scientific mode of solving problems.

**NATIONAL LEVEL WEBINAR SERIES ON “POWER SYSTEMS MANAGEMENT –
OPERATION & CONTROL”**

**TITLE OF ACTIVITY: NATIONAL LEVEL WEBINAR SERIES ON “POWER SYSTEMS MANAGEMENT –
OPERATION & CONTROL”**

Date & Day: 25/07/2020 & 08/07/2020 - Saturday

Venue: Online through Google Meet

Session conducted by: Dr. Govind. Bhagwatikar, Director
Operations Sany India Ltd.
& Er. S. V. Deo, Ex technical Director MSETCL

Objective:

- To impart knowledge about power systems and its actual management involving conventional and renewable sources.
- To make students aware of how POSOCO, PGCIL etc. function and role of load dispatch centers.

National level Webinar on “**POWER SYSTEMS MANAGEMENT –
OPERATION & CONTROL**” 25/07/2020 & 08/07/2020

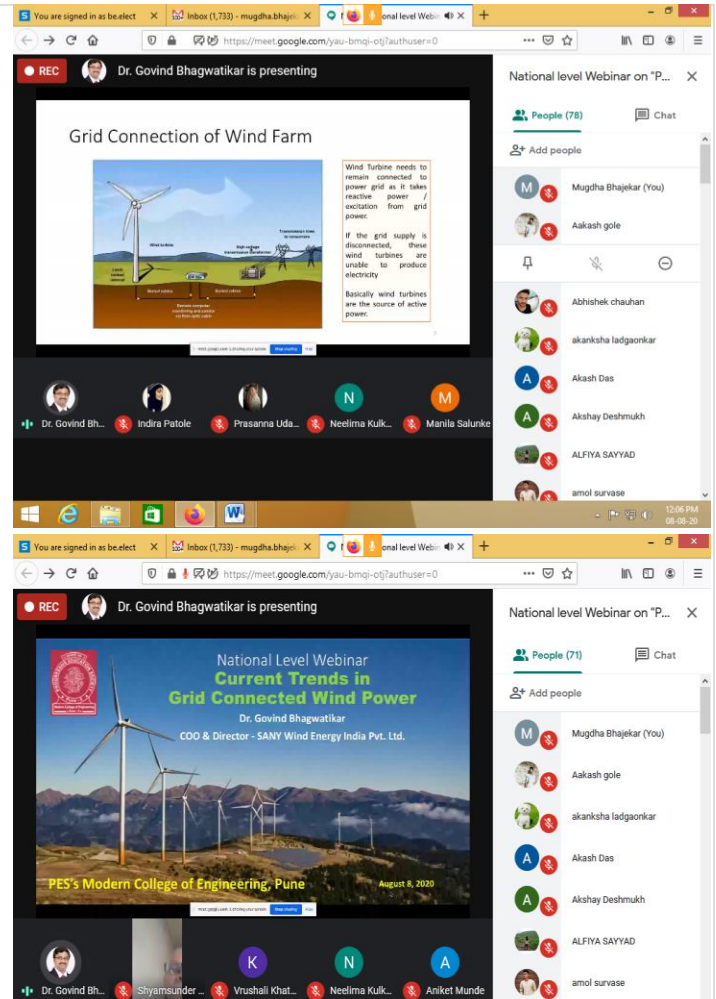

**Progressive Education Society's
Modern College of Engineering,
Shivajinagar, Pune-5**

Summary of the event:

- The department of Electrical Engineering organized National level Webinar series on “**Power System Management – Operation & Control**” on Saturday 25/07/2020 & 08/07/2020.
- The session started at 12pm on 25th July by speaker Er. S. V. Deo. Sir explained various aspects of Power System Management and Solar PV. The second session started at 12pm on 8th August by Dr. G. Bhagwatikar. He explained in detail about wind integration into grid system.

Outcome: The students got information about Power Systems Management and knowledge about Solar PV & Wind integration into grid and its operation and control.

3 DAYS WORKSHOP ON "CORE PYTHON PROGRAMMING" FOR SE STUDENTS

TITLE OF ACTIVITY: 3 DAYS WORKSHOP ON "CORE PYTHON PROGRAMMING" FOR SE STUDENTS

Date & Day: Monday, 21st Sept 2020 to Wednesday, 23rd Sept 2020

Venue: Online through Google Meet Department of Electrical Engineering, PES’s Modern College of Engineering, Pune.

Session conducted by: Mr. Atul Wadkar, Director, Algorithmic Electronics, Pune

Progressive Education Society's Modern College of Engineering, Shivajinagar, Pune-5

Objective:

- To introduce the importance of Python Programming in the field of electrical engineering
- To familiarize students with Python working environment
- To teach students basic programming through the course of workshop.
- To encourage students to go for adding different programming skills to their resume

Summary of the event:

A three days' workshop was arranged for SE, TE and BE students of Department of Electrical Engineering of PES's Modern College of Engineering, Pune through online meet platform (Google Meet) in association with "Algorithmic Electronics", Pune. Mr. Atul Wadkar, Director, Algorithmic Electronics, Pune was the guest speaker for all the sessions.

Day 1 of workshop started with welcome speech by coordinator Dr. Mrs. H. H. Kulkarni. Guest introduction was given by co-coordinator Prof. Ms. T. M. Sarwade. The sessions included basics of Python Programming and various functions, attributes were explained. Each session concluded with Q&A session on topics covered on respective days. At the end of session on day 3, session was concluded by vote of thanks by Prof. Mr. D. K. Joshi

Outcome:

- Students are introduced with Python Programming
- Students can code basic python programs.
- Students will become familiar with python working environment.
- Students will be able to understand importance of Python Programming in Electrical Engineering field

The screenshot displays a Google Meet interface during a workshop. The top section shows a grid of participants' video thumbnails, with names like Atul Wadkar, Shubham Shinde, manoj mirge, Jyotsna Gaonkar, MCOE Electrica..., and others. Below the grid, the meeting controls are visible, including a search bar and several application icons. The bottom part of the screenshot shows a Windows taskbar with a search bar and several application icons. Below the taskbar, a Python 3.6.2 Shell window is open, displaying a script named 'ohms_Law.py'. The script contains several lines of Python code, including comments and function calls, and the output shows the execution of the script with various parameters like 'Temp40', 'Temp30', 'Temp34', 'Temp36', and 'Temp48'. The output also shows the execution of 'fan ON', 'fan off', and 'fan speed:1', 'fan speed:3'.
